Wilder Futures

With the Wildlife Trust for Bedfordshire, Cambridgeshire and Northamptonshire

Wildlife gardening and food growing sessions

Alternate Tuesdays and Fridays – 10am to 12pm

Starting Tuesday 15th March and Friday 25th March

Bushmead Community Hub Garden, Bushmead Community Centre, Hancock Drive, Luton LU2 7SF

We're working to make our local landscapes richer in wildlife. You can make sure we're successful by bringing your enthusiasm, sense of fun and suitable clothing to our weekly sessions.

Everyone is welcome so do come along and help us to maintain and improve the hub garden for use by the community and wildlife and learn more about the Bradgers Hill Wilder Futures project

For more information or to get involved contact:

Matt Sutcliffe on: 07874 895633 or email matt.sutcliffe@wildlifebcn.org
